

Who we are.

Team Experience: Elevating Property Solutions with Seasoned Expertise

The team behind SKY Property Services has extensive experience in property management and development. With a combined expertise spanning various departments including leasing, financial management, asset management, marketing, development, design and general operations oversight, we bring a comprehensive skill set to the table.

Our team's experience is rooted in our professional backgrounds with Swaki, a leading property developer in Eswatini renowned for its successful commercial developments and commitment to excellence. Drawing from the valuable experiences gained at Swaki and beyond, SKY was formed by former colleagues who shared a vision to continue offering our skills and expertise in various domains within the property sector.

At SKY Property Services, we make the most of the opportunities and networks of professionals formed in the property industry to deliver exceptional results for our clients. With our collective knowledge and dedication to excellence, we are committed to helping our clients achieve their property objectives.
